COMMITTEE TO SELL STOCK CHOSEN

Business Men Take Hold of
Plan for Remodeling
Rossmore

CHANGE OVER STREET CORNER

A Radical Change Proposed
Would Make the Place
Very Attractive

A number of the business men attended the meeting last evening, which was held in the Merchants & Manufacturers' hall, for the purpose of discussing the hotel situation.

Chairman H. J. Forgy of the Committee which was appointed last week for the purpose of devising some means to have the present Rossmore Hotel renovated and put in a more modern condition, submitted the following report:

"We, the committee, that was appointed by you at the meeting held last Wednesday evening in the Rossmore Hotel for the purpose of devising some means to have said hotel remodeled and refurbished beg to submit the following report:

First. We find that the necessary improvements and alterations which will have to be made in the building by Mr. Van Nuys, can be made at a cost of about \$10,000.00. These improvements will include changing the front of the building; converting the store room on the corner of the building into a hotel office and lobby; putting in plate glass windows, on Sycamore and Fourth street sides and making a ladies rest room or parlor on the first floor in back of office; a ladies' entrance on Sycamore street; said lobby to have a tiled floor and to be decorated in a neat and attractive manner.

"Dining room to be brought forward and remodeled, lowering the windows on Sycamore street, giving the dining room a much better appearance; installing a hot and cold running water system and a heating system; also putting in as many bath rooms as possible, at least ten; all rooms and halls to be re-decorated and painted.

"These improvements will give us a very complete and modern hotel building.

"Second. That it will be necessary

Frisco Graft Is Worse than ever Says Spreckles

NEW YORK, June 9.—Rudolph Spreckles of San Francisco, prominent in the graft prosecutions, sailed today for Europe to study phases of graft in the European capitals. Before embarking he said:

"Conditions in San Francisco are worse than ever. I believe if the grafters go far enough they will hang themselves. I am in the fight to stay. I believe the stockholders of great corporations are responsible for municipal graft. They are content to receive dividends without inquiring where they came from."

TAFT LAUDED FOR FIDELITY

Wisconsin Republicans Praise
Him for Conduct of Na-
tion's Affairs

MILWAUKEE, Wis., June 9.—The platform adopted by the "Taft Republicans" of Wisconsin today applauded the president's "fidelity" and lauded his achievements. The Taft platform declared:

"The president has been faithful to his pledges in the face of opposition that has tried his patience and forbearance to the utmost. He has labored unceasingly to secure wholesome constructive legislation, to introduce economies into the administration and secure the conservation of natural resources. We approve the tariff law as a real progressive measure. We especially approve and commend the maximum and minimum schedules and the provision for future revision."

No mention of Senator La Follette or the insurgents was made in the platform.

AIR CRAFT WRECKS-- ONE KILLS WOMEN

WORCESTER, England, June 9.—One woman was killed and many persons were injured by Aviator Dartisan's aeroplane, which became unmanageable during his flight here. The machine swooped into the crowd, and many were struck by the whirling propeller.

Aviator Has Accident

TOPEKA, June 9.—While flying the Curtiss biplane "Skylark," K. C. Mars was thrown to the earth by the air currents from a passing train, which caused the machine to swerve. The aeroplane was wrecked. Mars fell 20 feet while the airship was going a mile a minute. He is reported as not seriously hurt.

Mitchell's Ice cream and Cornucopia wagon is now running. Listen for the bells.

ACCUSES STEP-FATHER OF HITTING HIM WITH IRON

John Cody of Hansen, a station of the P. E., near the county line, this morning swore to a complaint charging his step-father, A. W. Towne, with battery. He says that the battery consisted of striking him over the head with a piece of iron, the blow and weapon combined being sufficient to open a wound that required five stitches to close.

Cody, who is 19 years old, and his step-father, have had trouble before. According to the story told Sheriff Lacy by Cody, their troubles reached an acute stage Tuesday evening, when Towne ordered him out of the house and told him not to come back into it. Cody left the building, but continued to stay about the place.

That evening as Cody was in the shadow of one of the out-buildings,

Towne came up to him and hit him with the piece of iron. A physician was summoned from Anaheim to attend to the boy's wound, which was severe. Yesterday evening Sheriff Lacy went to the Towne home at Hansen station to make an investigation, and concluded that the thing to be done was to arrest Towne. But Towne was gone. The sheriff went to Buena Park, but failed to find the man there. He then went to Anaheim, where Towne was located, and later in the night he was locked up at the county jail.

The iron the boy says Towne used is a piece of buggy iron weighing about six pounds.

Towne was arraigned in Smithwick's court this afternoon, and his trial was set for June 15. Bail was fixed at \$100.

DECLINES TO TALK ALONG POLITICAL LINES

Roosevelt Denies Reports of
Political Speeches and a
Tour in South

WILL GO TO OYSTER BAY BEFORE SETTLING PLANS

Passage for United States Is
Engaged and Start Will be
Made Tomorrow

LONDON, June 9.—Colonel Roosevelt will not deliver the "Keystone" speech opening the coming congressional campaign. He authorized the United Press today to deny the report that he had accepted the invitation to deliver such a speech at the annual convention of Republican clubs in New York in July.

He further asked that the story that he would make a tour of the west, as far as Texas, delivering political speeches, be denied. He has made no plans to deliver political speeches and will not until he returns to Oyster Bay.

The Roosevelt party sails on the American liner Kaiserin Augusta Victoria from Southampton tomorrow. The Colonel and his wife will occupy the Imperial suite of three rooms and the remainder of the party another three room suite.

In his letter written to Congressman Moore of Philadelphia declining an invitation to address the Republican Clubs convention, Roosevelt denied his reported western political tour. His friends here believe the reports were circulated by the Republican regulars to give the impression that Roosevelt would aid their fight against the insurgents.

His address to the Rough Riders of New York, his Conservation Congress speech and John Brown's Day speech will be non-political. Colonel Roosevelt spent today in the country home of Sir Edward Grey, foreign secretary. A special train will take the members of his party to Southampton tomorrow where the Colonel will join them.

RIOT EXPECTED IN MEXICO ELECTION

Diaz Has Opponent Arrested
and Madero's Supporters
After Revenge

MEXICO CITY, June 9.—That rioting will mark the primary elections on June 25 is feared by the authorities and believed by the reactionary party.

Feeling is high because Diaz is forcing the nomination of Ramon Corral as vice president, and because of the treatment accorded Francisco Madero, the anti-Diaz candidate. The police recently stopped a meeting at Saltillo where Madero was speaking. The police also suppressed the riot that followed.

Signs of impending trouble are evident. Precautions will be taken.

MADERO IS ARRESTED BY ORDERS OF GOVERNMENT

SAN ANTONIO, June 9.—Advices today confirm the report that Francisco Madero, the opponent of President Diaz in the coming election, was formally arrested yesterday upon the order of the leading government officials.

The dispatches further state that the opposition party is indignant and will demand retribution.

THREE MEN MAKE SECOND TRIP TO MT. MCKINLEY

FAIRBANKS, Alaska, June 9.—Taylor, McGonigle and Anderson returned today after a second ascent of Mount McKinley. After taking pictures of the flag on the summit, they climbed to the top of the south summit and there again photographed the flag and the north summit.

The flag is partly wrapped around the pole, but is not otherwise affected.

Elks Building Contract Let

Geo. E. Preble to Erect Structure—His Bid of \$25,001 Accepted

Part of Flag Day Ceremonies
to be Flag Raising
on Site

The building committee of the Santa Ana Elks last night let a contract to George E. Preble for the erection of the Elks' building. Preble's bid was \$25,001. Work on the building will begin at once.

For many months the Elks' lodge has been working toward the building of a new home. Plans were made for raising the money, and the building committee was instructed to go ahead.

Architect Bradshaw of Orange was employed to draw the plans for the building. The first bids were regarded as making the building more costly than the lodge had expected to make it, and the plans were altered, and new bids were called for, with the result that the bid of Preble was last night accepted.

On the evening of June 14, which is Elks' flag day, the members of the local lodge will parade. One of the ceremonies will be to place a flag upon the building site, which lies on the west side of Sycamore street, adjoining the Public Library lot. The flag day exercises will be held on June 14 at the hall, following the parade and raising of the flag upon the building site.

ELECTIONS SHOW INSURGENT GAINS

But Regulars or Independents
Carried the Day in
Primaries

DES MOINES, Ia., June 9.—Returns from eighty-six in ninety-nine counties, computed shortly before noon indicate that Governor Carroll was re-nominated by the Republicans over Warren Garst by a majority of 3500. Garst, insurgent, made phenomenal gains toward the end of the count. The standpatters claim the state convention by 150 delegates and the insurgents by 100.

INDEPENDENT GOVERNOR FOR SOUTH DAKOTA

SIOUX FALLS, S. D., June 9.—George Egan, independent Republican, defeated Governor Vessey, progressive for the Republican gubernatorial nomination by three thousand, according to the latest returns. Vessey claims the nomination by eight hundred. An official count will probably be necessary.

NATIVE SONS WISH TO MARK TRAILS

Honor Roll of Pioneers Also a
Matter of Interest That
May be Achieved

LAKE TAHOE, June 9.—Election of officers of the Grand Parlor of the Native Sons of the Golden West occurred today. All the delegates to the annual convention had voted before noon, but the results will not be known until late today. Several sharp contests are reported to have developed.

Before the convention adjourns plans to mark the pioneer trails through the state, and to make an honor roll of pioneers, will be discussed.

14-year old Girl Kidnaped to Wed man from Mexico

SAN BERNARDINO, June 9.—That the disappearance last night of the fourteen-year-old daughter of P. Bermudez, was the result of a plot laid by a man wanting to marry her, is the belief of the police. The girl was taken from her bed last night, thrown into a buggy by two men, who drove rapidly away. The police think they were enroute for Los Angeles, where an attempt may be made to get a license. The police say they secured information from the child's grandmother that the family differed on the proposed marriage to the man, who followed the family from Mexico. They are searching for the alleged kidnapers.

CYCLONE WAS DEVASTATING

Swept Over Missouri Cities and
Villages With Great Prop-
erty Loss

ST. LOUIS, June 9.—Many cities and villages in Missouri are isolated today following a cyclone which did thousands of dollars worth of damage last night.

No deaths are reported but the list of injured is large and growing. It is feared additional details may show a loss of life. According to early reports the damage is estimated at \$300,000. The penitentiary at Jefferson City was severely damaged.

QUILL DRIVERS GO ON STEAMER TRIP

State Sditors Will Hear of Re-
clamation Projects on Sac-
ramento River

SAN FRANCISCO, June 9.—Members of the California Press Association left today on the steamer Navajo for Sacramento, from where they go by rail to Lake Tahoe. One hundred editors and their wives made the trip.

The possibilities of reclamation projects along the Sacramento River are responsible for the boat trip. These will be explained to the editors during the trip. At the reception tonight at the Hotel Sacramento, state and city officials will speak. An excursion to Lake Tahoe will follow the arrival there tomorrow.

TROOPS TO QUELL INDIAN OUTBREAK

Maya Indians Sacked City of
Valladolid—Forty Were
Killed There

EL PASO, June 9.—General Ignacio Brava with one thousand soldiers started today from Vera Cruz to Yucatan, the scene of the Maya Indians uprising.

The troops will proceed to Valladolid, which the rebels have sacked. They have orders to liberate the imprisoned city and the federal officials will use punitive measure in enforcing the order. The gunboat Sarossa is already enroute for Campeche. The war department has verified the sacking of Valladolid. Forty were killed there.

STANTON IS 40 STRIKERS SUED HERE DAMAGES ASKED RETURN TO WORK TO DAY

A. A. French Plaintiff, Alleging
Defendant Failed to Fur-
nish Water

AMOUNT SUED FOR IS \$6500

Lack of Water Makes Differ-
ence Between \$100 and
\$350 Per Acre

Phillip A. Stanton of Los Angeles, a candidate for the Republican nomination for governor of California, is today a defendant in a suit for \$6500 damages. The action was begun in the superior court of this county by A. A. French, the complaint alleging that Stanton failed to keep a contract entered into by him with French.

The complaint states that on Jan. 2, 1909, Stanton owned lots 37 to 42, P. A. Stanton tract, being twenty-six acres. Without irrigation water this land would be worth \$100 per acre. Stanton contracted to sell the land to French for \$225 per acre, agreeing that by April 15, 1909, he would provide the land with sufficient water so the land could be cultivated and the land used for agricultural purposes, and so that the property could be used for home sites and building lots.

With this understanding, French alleges that he took the contract to pay Stanton \$225 per acre for the land. He says that Stanton has failed and refused and still refuses to furnish the water. He has repeatedly promised orally to comply with the terms, but has not so complied, says the complaint.

Had the land been furnished with water, the plaintiff alleges he could have sold it for \$350 per acre, but without the water he has been unable to sell it.

By reason of these conditions, French declares he has been damaged in the sum of \$6500, and he asks judgment for that amount.

C. S. Bunnell of Los Angeles, is attorney for the plaintiff.

CHARGES AGAINST DIAZ TO BE PROBED

House Committee to Take up
De Lara Case as Part
of Evidence

WASHINGTON, June 9.—Charges that President Diaz of Mexico is using the officers and Federal courts of America as tools to prosecute his political enemies, will be made tomorrow before the House committee on rules, which is considering Representative Wilson's demand for the investigation of L. De Lara of Los Angeles, who was arrested there as an alien anarchist. John Kenneth Turner, author of the magazine articles, "Barbarous Mexico," will testify. They claim to have documentary evidence to prove that American corporations are working an interchange system with President Diaz, helping him to prosecute his enemies in exchange for privileges and franchises.

COMMITTEE FAVORABLE TO REIMBURSE ESPEE

WASHINGTON, June 9.—The senate claims committee has favorably reported the bill to reimburse the Southern Pacific in the sum of \$773,000 expended in 1907 in repairing the damage caused by the break in the restraining walls of the Colorado river. The work was done in the famous Salt Lake sink.

LABOR LEADERS SAID TO ARRANGING COMPROMISE

Frisco Laborites Ready to Give
Thousands to Aid Strike
In Los Angeles

LOS ANGELES, June 9.—Forty of the striking employees of the Mills Machine Works, after a conference with their employers today, returned to work. It is reported a compromise has been reached. The strike leaders spent today in endeavoring to arrange a general conference of employers. It is thought this will be forthcoming before the end of the week.

Early Rumors of Compromise
LOS ANGELES, June 9.—With pickets spread about every foundry and machine shop in this city, the striking metal workers are playing a waiting game today. Another conference of the strike leaders and the union officers was held in Labor Temple this morning. According to those who attended little was accomplished. It is known, however, that plans for the future conduct of the strike were discussed. The leaders refused to confirm the report that they will consent to a conference with the foundry owners and managers with a compromise in view.

Strikers Return to Work
LONG BEACH, June 9.—According to representatives of Craig's Shipbuilding Co. many of the striking metal workers have returned to work there. They claim that less than forty men are now out. A guard is being maintained about the plant each night as a result of the wild rumor a week ago that a dynamite plot had been discovered.

'FRISCO READY TO SEND
\$10,000 PER WEEK TO AID
SAN FRANCISCO, June 9.—At a conference today in the offices of the State Building Trades Council, attended by representatives of all the local councils, plans were adopted to send at least \$10,000 weekly to the striking metal workers in Los Angeles.

"We can send a hundred thousand weekly if necessary," said A. C. Twitemore, secretary of the Building Trades Council. It was decided to recommend that each labor body in the state appoint a committee of five to act as a general campaign committee, and to wire President Gompers of the American Federation of Labor, asking him to issue an appeal to the unionists of the nation to help the Los Angeles crusade. The committee promised to send \$5000 to Los Angeles next Monday. Many local unions have already pledged funds.

GOVERNOR GILLET GETS
"STOP THAT FIGHT" CARDS
SACRAMENTO, June 9.—"Stop that fight," typed on more than fifty post cards are arriving at Governor Gillett's office today. This is supposed to be the advance guard of a post-card campaign by churchmen throughout the country. The governor's secretary expects to be deluged until the day of the Jeffries-Johnson fight. All those today came from Ohio. They were carefully sorted and will be kept until the governor calls for them if he does.

TO GRADUATE TWENTY-TWO

Orange High School Commencement is to be Held on Friday, June 24

Orange News: Commencement at the Orange High School will be held Friday evening, June 24, and with the exception of the Alumni banquet, will be the closing event of the commencement calendar. The first of the annual social events that attend the graduation of a class from the high school will be the reception given by the Junior class to the graduates. This affair, called the Junior reception, will take place next Saturday evening, June 11. Sunday, June 19, the baccalaureate sermon will be preached at the Methodist church by Rev. Murkett of Santa Ana. The senior class play, "The Rivals," will be given on the evenings of Tuesday and Wednesday, June 21 and 22. Commencement will be on Friday evening, June 24, and the Alumni banquet some time the following week.

The commencement program has been announced as follows:

The Modesty of Women

Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispels the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

Anaheim Union Water Co. Directors Act on Amended Compromise Offer

ANAHEIM, June 9.—The board of directors of the Anaheim Union Water Co. met in regular session on June 4, with all members present except Director McLachlin.

Attorney Melrose suggested a number of changes that should be made in the proposed contracts with the Edison company, for the supplying of electric power to the pumping plants Nos. 1 and 2. Mr. Deimling, the representative of the Edison company, assured the board that these changes would be made, and that he would have the contracts made out accordingly. A motion was carried that the president and secretary be authorized to sign the contracts on behalf of the company, when the proposed changes are made.

Requests for the purchase of cement by J. J. Allec, M. A. Tombes, and A. L. Porter were, on motion, granted.

A communication was received from F. W. Champion, asking for a reduction in the charge for a permit for running water from his pumping plant through our ditch, in view of the fact that his ditch is used at times for the company water. The matter was referred to the ditch committee.

Application from A. Toussau for use of water for sheep, was granted, upon the same conditions as in former years.

The president and secretary were instructed to re-insure the office building for a term of three years at the best rates obtainable.

The president and secretary were authorized to sign a deed of right-of-way to the A. T. & S. F. Ry company in consideration of receiving a certain release and quitclaim from the said railway company.

Applications on file for the transfer of stock were, on motion, granted.

The agreement with the Gage Canal Co., defining the rights of said company in regard to the use of water, was adopted as amended by the joint board of the S.A.V.I. Co. and the A.U.W. Co.

A new style gate was ordered placed in the ditch at Pittman's property, on condition of the expense being paid by Mr. Pittman, and of the closing up of the old gate.

The attorney was instructed to prepare a form of contract to be signed with users of domestic water on the main canal, and that a stated rate per month be charged these parties, payable in advance, and that those who fail to make the contract be denied the use of water.

DESERTED BY HER HUSBAND

Woman Lodges Felony Complaint Against R. L. Wagner of Anaheim—Child Gone

ANAHEIM, June 8.—Mrs. R. L. Warner of Anaheim filed a criminal complaint yesterday with the justice of the peace against her husband, R. L. Warner, charging wife desertion. She reports that he has deserted her without any provision for her support. He took their only child, a five-year-old boy, on Sunday, saying he was going after a load of wood, and since then she has not heard or seen of him or the boy.

The Vitograph Girl

The young lady who has been featured in moving pictures and illustrated song, everywhere under the sun, where moving picture theaters are found, will be one of the new numbers at the Temple Theater to-night and tomorrow night. Manager Roberts presents her in the latest song hit, "The Vitograph Girl," and will endeavor to have before the end of the week a picture play in which she will be seen to good advantage. Mr. Franklin Remwick, in selected readings, has been engaged for another two nights, as many compliments have been expressed on his high class work on the bill of the first of the week, and he proved to be a very good number on the program. The new show tonight and Friday at the Temple is sure to please.

PROHIBITION PARTY'S COLUMN

COPY FURNISHED AND EDITED BY AMOS WRIGHT OF PLACENTIA

OUR MOTTO—"Righteousness exalteth a nation, but sin is a reproach to any people."—Prov. 14:34.
OUR OBJECT—The Complete Annihilation of the liquor traffic.

PROHIB COL. by my party, I do by myself. If my agent licenses saloons, so do I.
2. Because I throw away my vote when I vote for a party that does not represent my views. But my vote is never thrown away when I vote my convictions.

The good man is no better, and can and will do no more for prohibition than the party he trains with, or the platform on which his party stands will permit.

The good man elected to office by a license party can and will do a thousandfold more against state and national prohibition than the saloon keeper or blind pig. The following article puts the right construction on this matter:

(By Rev. Chas. A. Crane, D. D.)

What is a Political Party.

"A political party is a body of men joined together for the purpose of promoting, by their joint endeavor, the national interest upon some particular principle upon which they are all agreed."—Edmund Burke.

"There is no legitimate use for any party except to embody and give effect to enlightened public opinion."—Horace Greeley.

Enlightened public opinion favors the prohibition of the liquor traffic, therefore I go with a company of men joined together for the purpose of promoting the national interest upon this subject. Many differing and agreeing with me in this matter have asked me to set down for their consideration the reasons—or some of them—for holding this position.

I Am a Party Prohibitionist

1. Because a license party does not represent my convictions or my views. My party is my agent, representative and servant in the administration of government. What I do

2. Because I throw away my vote when I vote for a party that does not represent my views. But my vote is never thrown away when I vote my convictions.

3. Because license is a system of consent to a wicked thing—the drunkard factory and the vice factory, for a price paid in hand. When I consent to it—it becomes mine morally.

4. Because license means the continuance of the saloon. To this I cannot consent. To this I do consent when I vote with a political party committed to the license policy.

5. Because I refuse to confuse "abolition of the drink habit" with "prohibition of the licensed liquor traffic." The Prohibition party is not after the drink habit. It seeks to take away the protection of the saloon by the law. Without this protection the saloon would be an outlaw—what it ought to be.

6. Because there is nothing in morals or psychology which makes it right for me to vote against license when that is the only question—and vote for license when it is combined with other questions.

7. Because votes are the only language law-makers and politicians can hear. To them all other languages are dead.

8. Because all our territory is by right prohibition territory. The saloon would not be among us, except as an outlaw—like a thief—if it were not for the license parties. This disposes of that well worn political heresy which declares that all we have of prohibition has come from the two great dominant parties. The fact is that all we have of the legalized saloon has come through them, and the inherent right of the people to prohibition territory has by them

been denied. The U. S. Supreme Court traffic doth continually resort, a inherent right to sell intoxicants.

9. Because license is the only thing that prevents prohibition from becoming an existing fact. It is the strong, high tower whereunto the liquor traffic doth continually resort, a present help in its every time of need. If the license system were not in vogue, the rum business would be thrown into the sea by the people within six months, and the remnants would be outlaws and refugees.

10. Because my party stands for a principle. Let either of the two great bulky parties name a great principle upon which they are separated. In state and national affairs it is the same. In Massachusetts recently it was a fight of personalities. Such a fight should not appeal to men of brains and conscience. For what principle did any one of the supporters of these two great parties vote? They threw away their votes for men who stood for no particular principle.

11. Because I repudiate the generally accepted idea that a voter should ally himself with a party that has a chance of immediate success at the polls if he would have his own vote count. This idea is the cardinal tenet of the faith of the demagogue and partisan, and it is foreign to the real intent and purpose and use of the ballot. It is not my duty to win elections. Why? Because I cannot. That result is contingent upon the action of other voters. It is my duty to vote my views and convictions. When I seek after the winner in elections, I am quite sure to go with the multitude to do evil.

12. Because the license system is a national policy, a national crime and a national curse. The two great parties refuse to permit me to speak on this matter through them. Therefore, I speak through the only political channel open for my convictions to find expression.

13. Because, while the dominant parties grant local option with the law of the state, they give license to sell in the same territory by the national law. The party which has permitted prohibition in Maine through state law, gives a United States license to sell in that state. Not only so, but it runs an illegal bar at East Togus, Maine, and at Fort Leavenworth, Kansas. This is using the arm of the nation to nullify and discredit the law of the state.

14. Because the church of which I am proud to be a member—the Methodist Episcopal—in her supreme court and her legislature in 1892 and in 1900, said: "No political party has a right to expect, nor ought to receive, the support of Christian men, so long as it stands committed to the license policy or refuses to put itself on record in an attitude of open hostility to the saloon." And also, because it endorsed the utterance of its bishops when they said, "The liquor traffic can never be legalized without sin."

15. Because this question is greater than any other three now before the public. Count men, money or morals, and it involves more than any question ever before our people. More than a billion dollars will be worse than wasted by this business this year. By it 100,000 men will be sent to hell this year. And in morals, nothing can so debauch the public conscience as consenting to vice for a fee.

16. Because I vote for what William Windom, late Secretary of the Treasury declared when he said, "Considered socially, financially, politically or morally, the licensed liquor traffic is, or ought to be, the overwhelming issue in American politics. The destruction of this iniquity

stands next on the world's calendar."

17. Because the charge that I am working with the Democrats to defeat the Republicans when the latter are in power, is made of no effect by the charge that I am working with the Republicans to defeat the Democrats when they are in power. Being opposed to both these parties, I must of necessity be opposed to each of them. This is to my credit.

18. Because "The saloon has come to stay" is balanced by the fact that His Satanic Majesty has likewise come to stay. Shall preachers, priests and the church, therefore, abandon their work?

19. Because the licensed liquor traffic is here in violation of the economic law of supply and demand. It confesses this when it pays exorbitant license fees, and we are impressed by the same fact when we remember that most of our trouble comes from the supply and not the demand. The seller is the one who is a political power—who is a law-breaker and who is the pusher of the business. There is a demand, but it is created by the supply. The demand is artificial and is better denied than supplied.

20. Because this is a political question, and I must be in politics if I am to touch it. And here I endorse the words of Bishop Haven, of blessed memory, when he spoke of slavery: "It is one of the devices of Satan, by which he seeks to harden your hearts against the truth and make you deaf to your duty against the greatest sin of this or any other age—that the servant of Christ must not expose it, because, forsooth, it has compelled a political party to become its most active slave. What is this consecrated politics that it is beyond the reach of the Word of God and too sacred to be condemned by him? Away with such blasphemous folly. I ask no pardon for entering this arena, nor should you."

LOUISIANA MAY CUT OUT GAME OF BRIDGE WHIST

NEW ORLEANS, June 9.—Bridge whist will be tabooed in Louisiana as a gambling game if the blue stocking spirit of the country legislator goes into the ascendancy. This was evidenced yesterday when Representative Derrouin of New Iberia introduced a bill in the Legislature at Baton Rouge prohibiting bridge whist as a violation of the state laws against gambling. It is said that Derrouin

has the support of a large section of the country legislators. The bill arose, it is claimed, from the fact that Derrouin's wife is a bridge whist fiend, and that the wives of other legislators in the rural districts have been keeping their law-making husbands strapped on account of their persistency in giving bridge whist parties.

HOW TAFT WON THE FIGHT

When Taft brought the injunction suit against the twenty-four railroad companies that had filed notices of rate increases to take effect the first of this month, the Register hazarded the opinion that these increases were filed in anticipation of the going into effect of the administration railroad bill now before congress. This opinion now receives official confirmation from the conference between the president and officials representing the railroads. The president's object in bringing the injunctions when he did was to head off this scheme and prevent these rates from going into effect as contemplated until such time as the new law could be gotten into action. In this he has succeeded completely and has brought the roads to his terms. It is stated that they argued long over the question but finally conceded every point he made.

In speaking of the proposed conference, the Register suggested that it would reveal to the people of this country something as to the nature of the man whom we call president. Would he show strength or weakness? Would he yield to pressure and the influences that 45,000 miles of railroad could bring to bear? The result has answered these questions and how do the readers of the Register like the answer? This conference was one of the most important gatherings of recent years and it would be hard to mention one that was farther reaching in its consequences than this one promises to be. There was the administration railroad bill to begin with, that had passed both houses of congress and though still subject to conference would undoubtedly become the law. Under such a law no raises in rates could go into effect until they were approved by the interstate commerce commission, or in case of a contest by the court of commerce provided by the bill. But under the present law they could be put into force and no power on earth could stop them, except a decree of the United States court, which it would take years to obtain. In the meantime the railroads would be gathering the illegal rates. Here then they saw their opportunity. They would get in under the present law and before the new one should be carried into effect. This they might have done, perhaps, but they had illegally combined to do this, and thereby violated the Sherman anti-trust law.

Taft having obtained sufficient evidence to warrant him in asking the restraining order, saw that the crucial time had come, and instantly took advantage of it. Then there went up a threat from the camp of the conspiring roads that could be interpreted in no other way than that of bringing a panic on the country in return for this action by the administration. But Taft didn't scare worth a cent. Then they claimed they could knock the suit silly the first round, but Taft simply smiled. He is some lawyer himself and thought he knew what he was doing. Then they tried to do something with the shippers, but the shippers were depending on Taft. Then they asked for a conference with Taft, which was granted, but Taft did all the conferring. He said with draw your notice of freight raises and I will withdraw the suits when the bill now before congress goes into effect. In the meantime I will let the suits stand until this has happened, and then you can propose your raises of freight rates under the law as it then will stand. This was agreed to and hereafter all such raises of rates must be subject to investigation by the interstate commerce commission and the decision of the court of commerce. They can be suspended without resorting to injunctions and cannot go into effect until the commerce court says the word. This will bring order out of confusion and place the vexed question of freight rates just where it belongs. It will increase confidence and directly and indirectly save millions of dollars to the people of this country in the matter of overcharges for freight.

Has the "big stick" seen its best days? Roosevelt is reported as intimating as much in an address at a supper in London the other night. In fact "the big stick" was the subject on which he talked, and it is said

that he emphasized the "importance of speaking softly, rather than carrying the big stick." Huh!

As to that "safe-an-sane" Fourth it is just now going the rounds of officialdom to the accompaniment of "How Shall We Manage It?" By the way, it would not be a bad idea to do the way our fathers used to do in one particular, to-wit: insert a little PATRIOTISM into it.

MAYOR ALEXANDER ASKS REFERENDUM ELECTION

LOS ANGELES, June 9.—Voters of the city of Los Angeles will pass on the electric light rates fixed by the city council at the election to be held June 30. Referendum petitions will be circulated today. The referendum was invoked by Mayor Alexander yesterday, following the refusal of the light corporations to file the referendum petitions they circulated in time for the submission of the ordinance to the voters June 30.

Mayor Alexander is the first executive in the history of the city to invoke the referendum in an effort to have the voters approve an ordinance. In an appeal to the voters of the city he urges them to sign the petitions today, so that the gathering of the required number of signatures may be expedited. Then, at the same election at which two vacancies in the council will be filled, they will say whether they want to pay 7 or 9 cents a kilowatt hour for the electricity they use.

"Most awfully cold here. Wish I had brought an extra pair of blankets and a muffler."

On the same date, June 2, I received a letter from E. J. Mallory at Thatcher, Arizona. Mr. Mallory says: "This is the hottest day I ever experienced. Kern county weather is a refrigerator compared to this. I don't think I am more than a half mile from this place."

These two letters were written last Tuesday, a week ago today. Can you remember any disagreeable feature in the weather at that time here? Of course you can't. What's the use asking such a fool question?

Society

Woman's Club

The Woman's Club met at 636 North Broadway on Tuesday afternoon. Several matters of business were attended to. Mesdames Fraser and Diers gave papers on "The Ideal Home" and "The Servant Question." These subjects, including "The Management of Children," formed the program for the afternoon.

On June 28 the Club will take their families, and luncheons, and spend the day at Balboa. The next meeting, June 21, will be the last regular meeting of the year. The program will be a "Review of the Year's Work," under the leadership of Mesdames Mansur and Taylor.

For Miss Hoxie

A miscellaneous shower, in Miss Hattie Hoxie's honor, was given Tuesday afternoon by Miss Trumpey and Mrs. Robert Dubois, at the home

of Miss Trumpey, 1714 Spurgeon street. Phonograph music was enjoyed. Each guest as she entered the home was given a towel to hem. The first one through with this sewing "stunt" won first prize, a hand-painted plate. Mrs. Hoxie, mother of the bride-to-be, was the winner. Miss Witt was awarded the consolation prize.

The Trumpey parlors were decorated in different sized red hearts. The table was also in red. These generous sized hearts formed a cornucopia, which was the unique centerpiece and was filled with red geraniums. The red color scheme was carried out in the refreshments, cakes and ices being in this cheerful color.

The guests at this pleasant function were Mesdames Hoxie, Trumpey, E. K. Gearhart, Avra Hall, Ernest Wakeham, W. Dwyer, E. R. Majors, Frank Young, Misses Clara Galbraith, Anna and Clara Witt.

W. R. C. Dime Social

The following excellent program will be given at the W.R.C. dime social at G.A.R. Hall, Friday, June 10, from 2:30 to 5 p.m.:

Music—Garden Grove Orchestra.
Song—Mrs. Nellie McCombs.
Instrumental Solo—Mrs. Grace Moesser.

Violin Solo—Kenneth Horton, accompanied by Mrs. Andrist.
Talk on "Patriotism"—Rev. H. E. Murkett.

Music—Garden Grove Orchestra.
At the close of the program the ladies will serve fruit salad with whipped cream, cake and lemonade. The public is cordially invited to attend.

Entertained Woman's Relief Corps
Mrs. Reuben Braley was hostess Wednesday afternoon at her pretty home on East Santa Clara avenue to the members of Sedgwick Relief Corps No. 17, of which she is a mem-

ber. The house was fragrant with a profusion of flowers which were also artistically arranged on the tables in the dining room, where dainty refreshments of ice cream, home made cakes, punch and wafers were served by the hostess.

The afternoon was spent in a social manner, as there were forty ladies present and as all were good at conversation, the time went all too quickly until they were reminded of home duties and that they must part. A most delightful afternoon was spent, and all voted Mrs. Bradley a charming hostess, and thanked her for her hospitality in entertaining in such a royal manner.

Those present were Mesdames Hennaey, Walters, Sallie Barton, Ritchey, Eugenia Harvey, Helen Barton, Mills, Criddle, Lantz, Glenn, Moesser, Otstott, Coulter, Smith, Martin, Smith, Kryhl, Lusher, Willcox, Moore, Scammon, Hayes, Huddleston, Magill, Mattie Harvey, Buell, Campbell, Bonney, Newcomer, Havens, Rogers, Blake, Wilson, Lehman, Green, Myers and Young.

Eastern Star Picnic

On next Saturday, June 11, from 2 to 5 o'clock, Hermosa Chapter, O. E.S., will entertain the children and young people of the Chapter at the annual picnic, which is an institution of this organization. The affair will take place at Birch Park, lovely and green with its shrubbery and flowers. Mrs. H. Clay Kellogg will furnish the Kellogg merry-go-round, and there will be games, music and refreshments. It is expected that the juniors will have a most delightful time.

Will Go to Europe

Miss Florence Mullinix is anticipating the delights of a European trip to extend through the summer season. She will join the party of which Miss Una Fowler is a member, and which includes several Mills College and Stanford girls. The start from Los Angeles will be made on Saturday, June 18.

Glee Club Concert

The Y.M.C.A. Glee Club concert given last night at Spurgeon's Hall, under the auspices of the Baraca Class of the Methodist church, South, was largely attended by an audience that expressed its appreciation of the sparkling music of the club and its soloists, by unstinted applause.

There is no question but that the general public, as well as music lovers in particular, is fond of Glee Club music and the abandon with which it is given by college and other organizations. The repertoire of the Y.M.C.A. singers proved to be attractive, as were the selections by Miss Paley, Mr. Campbell and Prof. Dupuy. The leadership of Prof. Dupuy is admirable.

A generous sum was realized from the concert, benefiting both the Baraca boys and the Glee Club. The latter organization came down from the city in a special P. E. car. The proceeds of their labors will aid in a trip by the members of the club to Yosemite on July 5. Others may join the excursion at one fare for the round trip.

Woodmen's Banquet

The Woodmen of the World and the Women of Woodcraft of the local lodges were the entertainers on Tuesday night, at a big meeting that ended in a banquet in the G.A.R. banquet room. The county camps were well represented among the guests, as were the lodges of Los Angeles, members from La Fiesta, Vernon and Eastlake camps, and Vernon Circle, coming down on a special car.

The affair was the culmination of a special five-weeks' campaign by Deputy Organizer Holland for the local camp, during which he recruited 43 new members. Eleven of these were initiated into the camp last night and the Circle received an addition of six new members.

The banquet was provided by Brann, and Consul Commander Over-

man was toastmaster. Those responding to toasts were members of the Los Angeles camps, Anaheim camp, Vernon circle, and Organizer Holland.

"Cab 71" Reunion

Another one of those pleasant social times out of which the members of the cast of "Cab 71," and the committee of arrangements, have been having much enjoyment, happened last night at the home of Mr. and Mrs. N. A. Ulm, whose hospitality is always openhanded.

The gathering of last night was of more than ordinary interest, because it was probably the last getting-together for some time of all of the company, some of them expecting to go away soon for more or less extended periods. Miss Helen Hofer, of the company, will leave the first of next week for her old home in Minnesota, and Miss Conwell, also of the cast, will accompany her father to Kansas City for a summer's visit. Capt. Ulm, Lieuts. Worden and McBride and Major Vestal, all of whom were active in promoting the success of "Cab 71," will leave on Saturday for the ten days' encampment of N. G. C. officers to be held at Monterey. So these pleasant reunions will not occur again in the near future.

Guild Meeting

St. Elizabeth's Guild met at the home of Miss Kryhl last evening in regular meeting. During the social part of the meeting refreshments were served by the hostess.

—Mr. David Todd will be seen to advantage in the role of Amos North. Grand Opera House, June 10.

Hears of Father's Death

Mrs. L. E. Butler has received a telegraphic message that her father, Rev. O. S. Hasty, died this morning at Arapahoe, Nebraska, at the venerable age of 92 years. His son, J. O. Hasty, formerly lived in Santa Ana. Many old Arapahoe residents now living in Santa Ana will hear with regret of the death of the Reverend Hasty, and will sympathize with Mrs. Butler in her sorrow.

Suit for Divorce Begun

Suit for divorce was commenced here today by W. G. Lincoln against Carrie E. Lincoln. Melrose & Ames of Anaheim are attorneys for Lincoln.

—Nearing the end of the Big Furniture Sale. Give your orders now and get the benefit of the low sale prices. Goods held till you want them. It is a genuine reduction sale at the Santa Ana Furniture Co., corner Fourth and Spurgeon.

Federation Banquet

—Those wishing to attend the banquet to be given in Los Angeles at the Hamburger Building, June 10, by the Federation of State Societies can secure tickets at Harvey & Parsons' Drug Store. The tickets are \$1, and everyone is welcome to go. A fine representation of states is desired.

The Fraternal Brotherhood lodges of Orange county will picnic at Balboa, June 15. Don't forget the date.

—Business lunch at all hours at the Art Bazaar Lunch Room, 421 N. Main St.

Don't miss the fine program at W. R. C. Dime Social, Friday, June 10, G. A. R. Hall, 2:30 to 5 p. m.

COMPANY TO TAKE UP HOTEL PROJECT

(Continued from Page One)

to raise a capital of at least \$7500 to buy new furniture, dining room equipment and office equipment. This amount will furnish the office in a substantial and attractive manner and buy what new equipment is needed for the dining room and furnish the entire first floor with new furniture, carpets and curtains. It will also pay off a mortgage of \$2500 which should be paid off at this time. This fund of \$7500 to be raised by subscription to capital stock of a company to be formed for this purpose.

"Third. It is agreed by Mr. Forsyth that those who subscribe may assign their stock to him and that he will agree to pay for the same out of the profits arising from conducting the business, or from the sale of same, all subscribers to be relieved in this way from any liability from future losses, if any should occur.

"It is further agreed by Mr. Forsyth to have a board of appraisers appointed to set a valuation upon the present equipment and he to abide by that decision and to accept stock in the proposed company for his holdings there at the present time.

"In forming a co-operative stock company upon the above plan mentioned, it will bring the hotel before the business men in such a manner that they will all be personally and financially interested in the welfare of the hotel, which is bound to assure its success.

"Asking for your liberal consideration of our report, we remain,

"HORATIO J. FORGY,

"GEO. A. EDGAR,

"E. D. WAFFLE,

"R. L. FORSYTH."

After the report was read the meeting was opened to discussion and Mr. Forgy spoke upon the lines of the very urgent necessity for a hotel here at the present time, with the prospect of the coming conventions the city simply must have some place to take care of the people. "The present conditions are merely a disgrace to the community, and it certainly looks as if the time had come when we must do something for our own protection," said he. "The amount of \$7500 is a very small amount to be raised when we consider the benefit that will be derived from it."

Mr. Forgy said several of the business men had spoken to him about it and one man made the statement that if this proposition did not go through at this time, the town might as well be closed up entirely. He also said the committee had worked on various lines and they had come to the conclusion that there were only three propositions to be considered: 1st. To sell stock; 2nd, a subscription whereby there would not be any stockholders' liability, and 3rd, out and out donation.

Clyde Bishop was very much in favor of seeing this matter go through and stated he was ready to do his share and put his shoulder to the wheel with the next man. Mr. Bishop stated that one of the great troubles with the Santa Ana people was, that they were afraid to tackle a proposition which is in any way out of the ordinary.

Mr. Edgar was next on the list and said, "Gentlemen, let's get down to business. It is an admitted fact, we need a hotel and need it bad. The hotel is a benefit to all of us. It gives us a place to get acquainted with outsiders; and with the proposed improvements there is no reason why we cannot have just as neat and attractive a little hotel as Santa Ana needs. There is not much question but what, if the hotel is remodeled and re-furnished, it will be a paying proposition and a long felt want will be filled."

Mr. Edgar stated that he had heard talk about a new proposition to build a hotel. This talk he thought was simply stated to throw cold water upon the present proposition under discussion now. He had lived here a good many years and had heard the same tourist hotel talked every year, and so far, nothing had materialized. He also stated that if the present Rossmore building was remodeled and re-furnished it would stand as a creditable fixture to the town of Santa Ana, and in case the present manager, Mr. Forsyth, did not make a success of it, the building and furniture would still be there and some one else would be found to take hold of the proposition and instead of having an empty building upon their hands, which we are liable to have at the present time, the city would always have a hotel.

Mr. Forgy made a motion that the report be accepted and the present committee be discharged and a new committee be appointed to raise subscriptions for the proposed refurnishing of the hotel. This motion was carried and Chairman Blodgett of the M. & M. appointed Geo. A. Edgar, Clyde Bishop, A. C. Black, Samuel Obar and W. L. Duggan to act as a committee to carry on the work already started for remodeling and refurnishing of the

Rossmore Hotel.

Mr. Edgar stated that he would like to have a rising vote taken at this time to determine how many were in favor of this proposition. When the vote was taken, every one present arose with the exception of three men, showing that there was a friendly feeling and assuring the committee that it would have hearty support.

The committee is going right to work on this proposition and should not have much trouble in securing the required amount.

The matter of remodeling will have to be rushed in order that the building will be finished in time to take care of the coming grand encampment of Odd Fellows which will be here in October.

When the building on the corner of Fourth and Spurgeon will have received the final touches and with a neat and attractive lobby it will stand as a monument of pride to the citizens of the town.

With the very efficient committee which was selected, success is practically assured.

PERSONALS

Miss Emma Finch of Oakland, who has been the guest of Mrs. C. F. Heil the past month, left today for her home. Mrs. Heil accompanied her guest to Los Angeles.

Mrs. C. E. Dicklowe and two daughters from Texline, Texas, are at Mrs. Harry Spencer's on South Broadway. Mrs. E. Loda, a sister of Mrs. Dicklowe, took rooms several days ago, and they together are enjoying the stop in Santa Ana. If Santa Ana can prove more attractive than Texline, Mrs. Dicklowe will make this her permanent home.

J. A. Hankey made a business trip to the City of the Angels this forenoon.

Prof. and Mrs. J. A. Cranston were passengers on the 8:35 Los Angeles bound car this morning.

H. C. Humphrey and son Harry, spent today in Pasadena.

Mrs. Frank Calkins was a visitor to Los Angeles today.

Mrs. John Taylor went to Los Angeles on an early morning car today. Percy Richards was a morning visitor to the city. Mr. Richards is planning a trip to England and expects to leave here within the next two weeks.

Miss Ethel Gardner has returned from her year of teaching at Delano, near Bakersfield.

C. C. Collins was a business visitor to Los Angeles this morning.

Miss Mary Entler of Chino, and Harry Roff of Los Angeles, were guests today at the Mullinix home on North Main street.

W. R. Currie has returned to Santa Ana from an extended visit of several weeks with his parents in Springfield, Ohio. That he enjoys beautiful California and its unequalled climate is evidenced by the way he says he is "glad to get back." Don't ask him about the weather in the East.

Mr. and Mrs. Arthur Lyon were visitors at the "Dollar Mark" matinee at the Belasco, Los Angeles, this afternoon.

Mrs. Mamie Ryan and her sister, Miss Gertrude Border, of Boulder, are guests at the Abe Roberts home, 811 G street.

APPARENTLY CLOSES SCHOOL INCIDENT

The Tustin school board held an executive session at the office of County School Superintendent Mitchell last night. The meeting was called for the purpose of making a statement of the position of the board in regard to the dismissal of the principal, J. C. McGee. To this meeting the committee representing a majority of Tustin citizens was invited to attend to hear the statement, but the committee declined to be present. The meeting of the school board last night apparently closes the incident. The school board having arranged to meet the committee also invited about a dozen other citizens of Tustin, to whom the board read the statement.

MCDANNALD WITHDRAWING IS STRONG FOR COULTER

Editor Register:—A number of very well meaning people, who think they are my friends, and who, I have no doubt, wish me well, have offered me some tempting inducements to "shy my castor" and make a headlong chase for the assembly. Mr. Editor, will you kindly stop the press a moment while I thank these people for their expressions of confidence and good will? The time may come when I can see my way clear to again enter the field of political uncertainties, but I am too hampered with promises to help others, to do so in the coming campaign, so you will have to please excuse me. When the subject was first broached, I began to scan the field for a subject that was fairly virgin in the way of legislative enactment, but I could not find a spot as big as my hand

from the firmament to the horizon that had not been dug up and turned over. I once thought I had found some "barren" territory along the line of "conservation of our underground water supply," but upon closer examination I found that my old friend and co-coagitor, Dan Thomas, had been up to the state capital during the last session of the legislature, and had feloniously, and with malice a premeditated located every inch of pay dirt along the entire line. I panned in several places, but failed to get a color. I could not content myself with the idea of going to Sacramento to serve the people by simply drawing my salary, so I decided to remain at home and work for a man who has some original ideas stored away in the closet of his memory. If the voters and tax payers of this county are really in earnest, and want to send a man to the assembly who can and will work for the best and highest ideals of a legislator, why don't they send Col. Coulter up there. He's the man they are looking for, and don't you forget it—on the 16th day of August.

My Corns Don't Hurt a Bit

Tired, Aching, Swollen, Smelly, Sweaty Feet, Corns, Callouses and Bunions, TIZ Cures Right Off

—Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn—hammer it with your fist if you wish—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this.

—The corns on either of my toes were as large as the tablets you make to cure them. Today there is no sign of corns on either foot and no soreness. It's an up-to-date God-send.—Sam A. Hoover, Progress, N. C.

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principal of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

DIED AGE OF TWENTY-EIGHT

Old Horse Stood up Long as a Result of Climatic Conditions—Berrydale News

BERRYDALE, June 7.—R. L. Greenleaf was called on this morning to perform the last sad rites over the remains of his old horse John, who has been a faithful servant of the family for 28 years. John was never heard to complain of his care, or the lot which fell to his share, and seldom failed to nail three square meals a day, with the same regularity that he gazed through his collar. Twenty-eight years is more than the usual time allotted to a member of the equine family, but then John arrived at the age of maturity in a country where the climatic conditions are perfect, and there are no good reasons why animal life should not be extended far beyond the traditional period.

Mrs. D. E. Cozad returned today from a two weeks' visit at Los Angeles and Redondo. David became uneasy and took an early morning car last Monday, only to find that his spouse had taken comfortable summer quarters at the home of their daughter at the beach town and was simply enjoying life to the limit.

Lawrence Sours of Marquette, Neb., is here to spend the summer with his sister, Mrs. Maud Reed.

Mrs. J. M. Dougherty and daughter Della, came over from Clearwater to pay us a short visit. Mrs. D. is a sister to the lady who spends much of her time in laying plans to keep me from idling away too many pleasant hours.

NOTICE TO VOTERS

—Under the state law a new registration of voters has to be made every even numbered year. All voters must register prior to July 27th, 1910, and must have declared the political party with which they intend to affiliate (as provided in Sec. 1366 a, Political Code), who desire to vote at the Primary Election to be held August 16th, 1910.

If you do not so register and so state your party affiliation you can not vote at this primary election at which all State and County Officers will be nominated.

MOTHER COLONY IS TALKING HOSPITAL

Anaheim Gazette: Physicians of this city are discussing the propriety of organizing a stock company for the erection of a hospital here. It is suggested that a joint stock company be organized with a capital stock of \$15,000, which will permit the erection of a building thoroughly equipped for the purposes intended. It is pointed out that the increasing interests of the city demand that a hospital be established here, and that the erection of manufacturing enterprises here points to this necessity in no uncertain manner. At present the city has no place where the injured may have prompt assistance in case of ac-

cident, and moreover a well-equipped institution of this kind is an adjunct of all well-regulated communities.

Nightmare, Restlessness and Night-sweats all Caused by Indigestion

—Half of the nervousness in the world, all of the disturbing dreams and nightmares can be ended in a few weeks by a simple, inexpensive treatment.

Upset stomach is the cause of nervousness and bad dreams. Your food is lying in your stomach undigested and fermenting; it is forming poisonous gases which irritate the pneumogastric nerve that leads direct from the brain, and ends in a network of tiny branches running through the stomach.

It is also the irritation of this great pneumogastric nerve that causes headaches. Many times people have severe headaches and know they are caused by the stomach, but do not know in what manner.

If you are nervous, have dreams or nightmare, and do not sleep sound at night, get a 50 cent box of Mi-na stomach tablets, and take one or two after or with meals. They relieve distressed stomach in 5 minutes. Sold by druggists everywhere, and by the Rowley Drug Co., who guarantees them to cure indigestion or money back.

—Try a set of our spring steel cultivator points (tempered). They last twice as long as the common kind. J. C. Williams & Son, Orange.

LOS ANGELES PRODUCE MARKET

The first local apricots arrived yesterday from Lankershim—a few boxes of early fruit. By Monday or Tuesday the ranch men expect to haul in the fruit in large quantities. There will be only about half as large a crop as last year, but the apricots are ripening two weeks earlier. Preparations are being made to begin drying on the 20th inst., and to have the canneries in operation by the latter part of next week.

A small shipment of fancy local tomatoes came in; these were readily disposed of at \$2.25 per crate. Mexican tomato receipts were light, with a good demand. Black figs were more plentiful and prices declined a little. Peaches are beginning to arrive in larger quantities, and a drop of from 10 to 15 cents per box was made. It is expected that they will be still cheaper this morning.

Arrivals of eggs were 420 cases. The only activity was in case-counts. The butter market was very quiet, there being but little trading. Receipts were 51,493 pounds.

Eastern cheese and longhorn cheese quotations were lowered 1 cent. Northern fresh, eastern twins, longhorns and daisy. Oregon daisy, imported Swiss and Edam were placed on sale. There was but little demand for any variety. Arrivals were 32,585 pounds.

The potato market was weak. A large supply was on hand, and quantities are thrown away each day. Onion prices were lowered considerably yesterday. The market continued dull. Garlic went up 2 cents per pound. No onion receipts were reported.

Small advances were made in the prices of honey, grapefruit, oranges, cocoanuts and gooseberries. Raspberries were not selling fast as a large amount was in poor condition. A few of the large varieties arrived from Anaheim and were easily disposed of. Strawberries, blackberries and loganberries were unchanged.

Watermelons continue to arrive in small quantities and are now selling at 3 and 4 cents per pound. The melons are all small and inclined to be under-ripe. Cantaloupe receipts were large and moved well at \$1.10 to \$1.50 per crate.

All varieties of fish were plentiful, with halibut a glut on the market.

Wasser and Jackson Find the
Horse, Buggy and Harness
in Different Places

W. W. Wasser, proprietor of the Iowa Stables, returned last night from Los Angeles, bringing with him the horse, buggy and harness rented from him last week by E. L. Donnelly of San Diego, who afterward sold the outfit in Los Angeles. Wasser and Constable Jackson traced the stolen property to three different places in Los Angeles.

Last Friday Donnelly sold the outfit to an auctioneer named McDowell at 609 East Seventh street, Los Angeles, for \$57. Donnelly came to McDowell recommended by a man named Goldsmith, who said he knew Donnelly in San Diego. On Saturday McDowell sold the horse and buggy at auction, receiving \$115. The horse was sold to T. R. Roan at 558 Central avenue and the buggy to Colvin of 1015 West Seventh street.

Wasser and Jackson proved Wasser's property and received the harness from McDowell, the horse from Roan and the buggy from Colvin.

Efforts to locate Donnelly have been fruitless. It seems likely that he has

gone elsewhere to try the same method of money-raising.

NEXT MEETING MAY DECIDE

Seems More Than Likely That
Lewis Will Accept Offer
of \$17,000

The Board of Supervisors has offered H. H. Lewis \$17,000 for the forty-two acres of the old Dr. Head place at Buena. It seems likely that there will be no further action in the matter until the next meeting of the board.

Lewis asked \$400 per acre for his land. That put the price at \$16,800. For some reason, probably to cover the commission of the realty agent who offered the property, Lewis later asked more. The board finally offered him \$17,000.

There seems to be no question but what Lewis will accept the offer. Lewis has no need to the property. He has been in possession for three or four years. He holds a contract to buy the place from Dr. H. W. Head, said to be at a figure that leaves no doubt but what Lewis will gladly accept \$17,000.

HEARING SUIT FOR \$100 FINE

O. S. Lewis Says He Offered
Walnuts But They Were
Refused

Justice Smithwick today is trying the case of the Santa Ana Valley Walnut Growers' Association against O. S. Lewis, an action to collect a fine of \$100 imposed by the association upon Lewis because he sold his walnuts outside the association. G. P. Prather and A. C. Tarver were the witnesses for the plaintiff, for which Montgomery & Tarver appeared. O. S. Lewis and Roy Smith testified for the defendant, who was represented by R. Y. Williams and H. C. Head.

Lewis stated that he signed up with the association for fifteen acres of walnuts, keeping out another tract. He was told by Secretary Tiede that the association by-laws were such that he must deliver all his walnuts. He said that the association refused to take a part of a man's crop. He then sold all he had to Smith & Miner.

Water Power Washing

With a water power washer—you simply turn the faucet—the motor does the washing. City water runs it. It is the easiest, quickest way to do a washing. Fill a tub with hot soap water, put in the clothes, attach the hose, turn the faucet and in a few minutes your tubful is cleaner and whiter than any woman could get them by hand. While it washes you rinse and hang out. This machine does not get out of order and uses so little water that it is not noticed. Price complete \$18.00. Sold on trial. We also carry the 1900 gravity washer, the best hand machine made. We are headquarters for wringers, ironing boards, sleeve boards, etc., etc.
